

Introduction |

Brand Experts Media is a platform of corporate imaging managers in the business of providing solutions to a discrete spectrum of clientele at the Global level for their requirements in publicity and Promotion.

Our media mainstream is essentially unique and customised gift solutions at any level and by researching an accessed network of well experienced and talented personnel we regularly output our client's messaging imperatives for their targeted audience through an eclectically filtered mix of good comprehension and retentive simplicity.

We have with us an accredited team of creative designers, printers and marketing professionals possessing sound academic and experiential credentials in their respective fields of expertise; this is synergistically complemented with a focused caliber of dedicated client servicing personnel for product presentations and follow-ups.

Our direct imports from other countries are backed up by our own age old import firm Maya Impex , and we regularly get updates from our suppliers about new and innovative products from all over. We are also running showrooms across NCR and into the trade of e-commerce and selling our products on portals like snapdeal, shopclues, flipkart and groupon etc. we also have our own portal under the name of www.shopncrazy.com
